Adams County Foodies

ADULT ITINERARY

When we say the Gettysburg area has more than just history... don't just take our word for it, listen to your stomach! Join us for a day long adventure enjoying some of the unique foods that can be found around our bucolic county.

Start your day visiting one of our iconic farmers markets including cooking demonstrations, orchard tours, sampling, and plenty of time for shopping!

Before heading off to our next spot we'll take a guided tour through "Apple Country USA" to learn more about how and why Adams County has become one of the biggest and best apple producers in the country.

All this foodie education is sure to stir up an appetite! A casual lunch will be served in farm country before continuing our journey. Following a meal there must always be dessert, right?

Next we'll move on to one of the highlights of the day... a wine and chocolate pairing at a local winery! The expert wine makers will curate corresponding flavors to help accentuate the flavors of each.

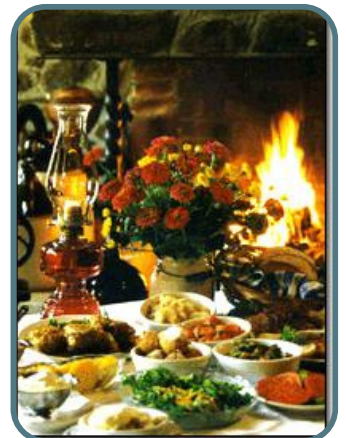

Following the fun we will start making our way back to town, however, if you haven't gotten enough to satisfy your sweet tooth we can always make a small detour to Mr. Eds. Elephant Museum and Candy Emporium!

At this point the afternoon is your oyster giving you free time in downtown Gettysburg to shop and explore. We will reconvene a short time later for an energy boost with a coffee sampling from the Great Gettysburg Coffee Company.

Now that you've got some pep back in your step we will hear a presentation about Victorian era food, cooking techniques and dining etiquette.

Having learned the "proper" way to handle your dining experience, we will make our way to dinner at one of the Gettysburg area's fine historic restaurants.

We hope you've enjoyed your day of fun and leave with a full belly and appreciation for the bounty of culinary contributions of Gettysburg and Adams County!
