## **GETTYSBURG GROUP RESERVATIONS**

## STUDENT ITINERARY

Who ever said history can't be fun sure hasn't visited Gettysburg with us! We'll explore Gettysburg together blending the history of the most famous small town in America with some hands on fun for all. We've got a fun afternoon ahead but first we must understand what happened in Gettysburg and why.

We'll start with a visit to the Gettysburg National Military Park Visitor Center and tour of the battlefield with a Licensed Battlefield Guide. A fun wrinkle may be to take your tour from the unique perspective of our famous Gettysburg Double Decker Bus!

Lunch can be a pizza party, buffet lunch or historic dining. Once you've refueled it's time to put your memory of the last few hours to the test with a visit to the 1863 Escape Room or put on your walking shoes for our History Detective Downtown Gettysburg Scavenger Hunt!

Celebrate your successes once your task is complete with home made ice cream just steps away at the Gettysburg institution, Mr. G's.

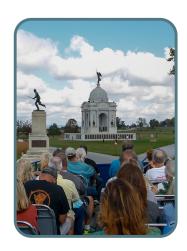

Who doesn't love uncovering hidden history? Join the Victorian Historian to experience a unique program shedding light on the obscure history of American's 19th and early 20th century.

It's time to burn off some pent-up energy with a visit to nearby Hickory Falls Entertainment Center with go carts, laser tag, mini golf and more!

No visit is complete without a journey to the other side... Gettysburg is consistently rated as one of the top haunted Destinations in the world. A guide with Ghostly Images of Gettysburg will escort your group around the area of East Cemetery Hill and take you inside one of America's most haunted houses.

This experience is one your group will be talking about for years to come!

If one day in Gettysburg is not enough, we're happy to keep the fun time's rolling with many more fun and educational activities and attractions.
